DIMENSIONAL FUND ADVISORS EXPANDS BUSINESS WITH ACCESS DATA

DFA Will Utilize SalesVision® for Enterprise Reporting and Data Management Services

PITTSBURGH, April 28, 2008 – Access Data Corp., the leading provider of enterprise reporting and data management services for the financial services industry, today announced that Dimensional Fund Advisors (“DFA”) will expand its use of Access Data *SalesVision*® beyond 22c-2 compliance. DFA will leverage the power of SalesVision’s enterprise shareholder management platform for sales reporting and data services offered by Access Data. *Access Data SalesVision* is a comprehensive, enterprise solution that provides firms like DFA clean, controlled and consistent asset and sales data aggregated from multiple financial intermediary platforms.

“Access Data’s full service approach to the management of shareholder data enables Dimensional Fund Advisors to leverage our current relationship with Access Data to improve sales and asset reporting across our organization,” said Brent Stone, MIS Manager for Dimensional Fund Advisors. “Access Data’s extensive experience in acquiring, aggregating and managing detailed sub-accounting information from various financial intermediary platforms supporting RIAs and institutions made *SalesVision* the solution of choice to meet our increasing requirements,” added Mr. Stone.

The majority of Access Data’s financial services clients have turned to *SalesVision* for an enterprise wide solution to manage shareholder data because of the unique combination of SalesVision’s on-demand service features, data management capabilities, and multiple business application offerings. Benefits include improved enterprise sales reporting, automated calculation and tracking of compensation for wholesalers and distributors, and ongoing monitoring of detailed trading activities.

“We are pleased that DFA has decided to expand its business with Access Data and leverage the power of SalesVision beyond 22c-2 compliance,” said Chip Miller, Executive Vice President of Access Data. “We look forward to expanding our relationship with DFA and supporting one of the fastest growing, most respected providers of investment management services in the industry today,” added Mr. Miller.

Leading financial services firms such as Dimensional Fund Advisors have turned to Access Data for enterprise shareholder management because its industry leading *SalesVision* offering provides comprehensive storage, analysis, and reporting solutions for regulatory, financial and administrative management personnel. Today, *SalesVision* is used to protect, control and grow the businesses of leading mutual fund companies representing over \$3 trillion in assets under management.
