FORESIDE FINANCIAL GROUP, LLC AND ACCESS DATA PROVIDE SALES DATA SOLUTIONS TO SMALLER MUTUAL FUND ORGANIZATIONS

Foreside Partners with Access Data to Provide Sales Data to Fund Marketing Services Clients

PITTSBURGH, March 19, 2007 – Access Data Corp., the leading provider of enterprise reporting and data management services for the financial services industry, today announced that **Foreside Advisory Network, LLC** has partnered with **Access Data Corp.** to augment their sales reporting capabilities. Access Data will support the use of concise shareholder and registered representative (“rep”) data from transfer agent systems and financial intermediary platforms. This joint service includes the researching of unknown rep names for trades in funds that have contracted with Foreside Advisory Network to provide wholesaling services to financial intermediaries.

“Foreside and Access Data provide clients with a unique offering to help them manage and grow their business,” said Ryan Johnson, President of Foreside Advisory Network, LLC. “By partnering with Access Data, we are able to provide critical information to mutual funds interested in knowing the reps selling their funds,” added Mr. Johnson.

“We are pleased to partner with Foreside to enhance the information they provide to their clients,” said Frank Polefrone, Senior Vice President of Product Development for Access Data. “This joint offering brings together the strength of our respective companies to turn shareholder data into knowledge that is required to compete in a very crowded, competitive marketplace,” added Mr. Polefrone.

Today, Access Data provides data management services and enterprise reporting to protect, control and grow the businesses of leading mutual fund companies representing over \$1.5 trillion in assets under management.

About Access Data:

Access Data Corp. is the leading provider of enterprise reporting and data management services for mutual fund companies and financial intermediaries.
